Kapı Paneli

Amerikan panel kapı olarak da bilinen kapı paneli, pres kalıbı ile MDF üzerine su bazlı astar boya uygulanarak iç mekan kapı yüzeyleri için üretilir.

Sade ve şık duruşu ile yaşam alanlarında sıkça tercih edilen kapı panelleri; iç oda, banyo, mutfak gibi alanların yanında ofis, hastane, otel odalarının kapılarının yüzeyleri için üretilen levhalardır. Kapı panelleri kolay temizlenebilir, hafif ve kullanışlı ürünlerdir.

Door Skin

The door panel, also known as the American panel door, is manufactured for indoor door surfaces by applying water-based primer paint on MDF with the swage.

Door skins, which are frequently preferred in the living spaces with its simple and elegant stance, are plates produced for the surfaces of interior doors which can be described as room doors of interior rooms, bathrooms, kitchens as well as offices, hospitals, hotels. It is an easy to clean, light and useful product.
